INSTRUCTIONS FOR OVERNIGHT PROGRAMS

- Museums require a ratio of 1 adult to every 5 girls, so please be sure to include enough adults at your overnight. Due to limited amount of spaces, the number of adults attending can only be the required number to meet the girl/adult ratios found in Safety Activity Checkpoints.
- **Reminder:** Each troop must have a Troop Trips II trained adult in order to attend.
- Payment is due with registration. Numbers are final, no changes in troop numbers will be accepted after this time.
- Refunds will only be made if a troop can find a replacement troop.
- Do not call the museum for more details or for registration information. These overnights are planned and scheduled through GSSNE unless otherwise indicated.

REGISTRATION TIPS

- Registration and financial aid forms are available at www.gssne.org
- Use a separate form for each program you are registering for.
- If a program is “Troop Only”, use that registration form instead of the individual girl form.
- You must be a registered Girl Scout in order to sign up for a program or activity in this guide. **Not registered yet, or have a friend who wants to go on an adventure with you? No problem! You can join at the same time you sign up for a program – just add \$25 to your payment.**
- Fee must be paid with registration; we cannot hold space without payment.
- Registrations are accepted on a first come, first served basis.
- Deadline for registration is two calendar weeks prior to the event or as noted. **Register early to make sure your girl doesn’t miss out on the fun!**
- Confirmations with location and directions will be mailed or emailed. Please do not plan on attending until you receive a confirmation.
- Refunds for events will be made only with written notice no less than two weeks prior to the event. Refunds are processed after the event.
- During inclement weather, call the council office at (401) 331-4500 or (800) 331-0149 for a pre-recorded message about program cancellations. If there is no message, the programs will still be held.
- At Girl Scouts we strive to ensure that every girl, regardless of ability to pay, has the opportunity to participate. Financial assistance is available based on need. Call the council office at (401) 331-4500 or (800) 331-0149 for more information.
- All programs have minimum attendance requirements and may be cancelled due to low enrollment.

EVENT ETIQUETTE

- **Be prepared!** Check your confirmation for site address. Locate it on a map and bring directions. (Please note that some GPS units may not work in all areas.)
- **Arrive on time.** Remember to allow time for walking from where you park to the event site.
- Please **respect** and **help** the program facilitator as needed. Remind girls that a **“thank you”** is always appreciated.
- Tag-a-longs: Siblings or non-Girl Scout members are not permitted at any Girl Scout program unless specified. Babysitting is not provided during events. We encourage you to ask other adults to babysit as a service to the troop.
- Because adult/child ratios must be met, unless otherwise noted by facilitator, adults should plan on attending and may be asked to assist.

VOLUNTEERS: Start empowering the leaders of tomorrow, today!

We're seeking volunteers who represent our community's diversity – women, men, young adults, older girls, and people of all racial and ethnic backgrounds, including our beloved alumnae.

There are many exciting and flexible pathways through which adults can participate in Girl Scouting. Yes, volunteers can lead a troop, but they can also develop and participate in training activities, maintain camps, manage data, and share their skills with girls in everything from running a business to exploring science careers.

If you would like to volunteer for Girl Scouts of Southeastern New England but are unable to commit to a regular schedule, we have a volunteer pathway that will fit your available time.

Today, more than ever before, girls need a trusted adult role model to relate to as they journey into adulthood.

Basic Qualifications

- You must be at least 18 years of age or older.
- Flexible attitude and sense of humor.
- Be a positive role model for the leaders of tomorrow.
- You must enroll as a member of Girl Scouts of the USA (GSUSA).
- Membership Dues of \$15 goes to GSUSA to pay for accident insurance covering participation in approved Girl Scout activities, program research and resources, training and services to councils.

GIRL LEADERSHIP EXPERIENCE CENTER

The Center is located within the Council office at 500 Greenwich Avenue in Warwick, Rhode Island and boasts 10,000 square feet of space to be utilized by our girls. The Center includes a lounge exclusively for girls to use and three conference rooms that can be used for separate meetings or as a large gathering place, comfortably fitting 100 people. There is free parking and the Center is handicapped accessible.

Several events and programs have been held in the Center since it opened, including a Junior Business Owner Badge Workshop, a Zumba dance party, an "In Her Shoes" panel discussion with leading business women, luncheons, trainings for adult volunteers and Board meetings. The Center holds wonderful potential for even more programming and events. This year girls at every age level will be able to utilize the Center. Daisies can create wings during a Fairy Princess Workshop, Brownies can "Investigate the Arts" and older girls can use the space for planning meetings before heading out on a hike or photography expedition, for a "Dollar Design" series or for Leadership, Babysitting or First Aid/CPR training.

Thanks to generous donors, including Amica Insurance and the East Greenwich Rotary Club, the Center is being outfitted with technology, furnishings and supplies. With your help, our vision of creating a girl-led hub creativity, connectivity, exploration and inspiration where all girls can come to discover and celebrate the greatness in themselves, others and the world around them, can be made possible. Visit www.gssne.org to donate, or contact Ginger, Jill or Sarah in our Fund Development Department.

This inspirational, educational and entertaining program intertwines her award winning magic with a very compelling message about civic responsibility. Her mission is to enlighten as many young people as possible, in a very magical way, about the importance of voting in their lives. For more information on Lyn, visit www.magicoflyn.com. DREAM, DESIGN, DO!

That is the theme for the
2016 Girl Scout Cookie Sale Program!

What can a girl do? A world of good! The Girl Scout Cookie program can help girls dream more, have more opportunities, give more to their communities and do more than they ever thought possible.

The Girl Scout Cookie Program is the largest girl-led business in the country. Girls set cookie goals to support their chosen activities for the year, to fund community service and leadership projects, to attend summer camp, to travel to destinations near and far and to provide events for girls in their community.

Through participation, girls develop The 5 Essential Skills that last a lifetime:

- Goal setting
- Decision making
- Money management
- People skills
- Business ethics

All registered Girl Scouts from Daisies through Ambassadors may participate in the sale, which begins in January and runs through March. Participating in Girl Scout Cookie Program activities provides girls of all ages with a leadership experience that helps them build skills they will use today and tomorrow.

The Girl Scout Cookie Program is a girl-led experience, where girls set their Cookie Sale goals and work as a team to decide how troop proceeds should be used—whether to fund community service projects, attend summer camp, or travel to destinations near and far. All cookie sale proceeds are put to use right in your community.

For more information about the Girl Scouts of Southeastern New England Cookie sale program visit our website at www.gssne.org.

DOVE AND GIRL SCOUTS

Dove has been collaborating with Girl Scouts of the USA to promote self-esteem and leadership programming among tween and teenage girls. The *uniquely ME!* and *It's Your Story – Tell It!* programs have reached almost 1 million girls in the United States and abroad through council programs, troops, groups, events, and print and online resources.

The *It's Your Story–Tell It!* Journey Series offers a fun, comprehensive and multidisciplinary approach to building girls' leadership. Self-esteem is a natural by-product of this particular journey because, through storytelling and creative expression, girls gain a better understanding of themselves and their potential, and develop confidence to become leaders in their own lives and in the world.

Dove® is committed to inspiring all women and girls to reach their full potential by caring for themselves and each other. The Dove Movement for Self-Esteem invites all women to create a world where beauty is a source of confidence, not anxiety. There are many ways in which women can take simple actions that build self-esteem in girls. It could be as simple as inspiring the next generation with words of encouragement, spending an hour on a self-esteem building activity, or supporting self-esteem education in her town.

Together, Girl Scouts of the USA and Dove support girls developing a strong sense of self, learning about the benefits of a balanced diet and physical activity, developing healthy relationships, identifying ways to express yourself, and promoting well-being and confidence in others.

Look for this symbol next to special Dove programs, designed to promote self-esteem and help girls build confidence.
