

SUMMER OUTDOOR BADGE FUN
DAISY – ZINNI

STEP 1: Enjoy Zinni's Story

Read Zinni's story to the girls. Act out the story with crayons, coloring books and markers. How do the girls feel?

STEP 2: Be Considerate & Caring

Go outside and be considerate and caring of the environment! Take a walk around your meeting place or a local park and see what you can do to make it better! Pick up trash? (don't forget the gloves). Plant some flowers? Take a color hike? Go on a scavenger hunt? There are many things you can do outside. Find out what they are!

STEP 3: Practice Being Considerate & Caring

Set up tables with crayons and paper. Each girl will begin to draw a picture. She will be given 5 minutes then passes her drawing onto the girl on her right. Girls will now spend the next 5 minutes adding to the drawing they have in front of them. Continue passing the drawings every 5 minutes until girls receive their original drawing back. How do they look? Share...
